

Help your customers reduce liability, and keep construction or event sites safe, all while

# Taking the profit back

Low emission propane engine with diesel engine option available.

A full 8 ft wide for Bobcat, loader, or self dumping carts

Shown with left or right hand access, custom hoppers available

Cut waste hauling costs in HALF - or more, by utilizing a FULL SIZE 42 yard closed container for max payloads.

Can be located and moved to any flat surface

Use anywhere for cost saving compaction:

- Construction sites
- County Fairs
- Major sports tournaments
- Natural disaster clean-ups
- Building demolitions

- Minimize truck traffic on site, eliminating need for the mess and liability of open top containers
- No electricity needed
- Compaction force exceeding 100,000 lbs, highest in the industry
