

# SEBRIGHT MODEL SC-4260 SELF CONTAINED COMPACTOR

PERFORMANCE  
with a ram force exceeding 56,000 lbs.  
waste is reduced to a fraction of its  
original volume!

The 10 HP power unit is energy efficient featuring only brand name electrical and hydraulic components, along with a 12 gpm pump for high performance and a 36 gallon oil reservoir

The heavy-duty hinge is the strongest on the market place.

The ratchet latch tightens against the door seal and insures a tight seal.

The operator station includes: safety key lock, pull to start, push to stop, full container light, and can be mounted in any convenient location.

The Sebright Model SC-4260 is a compactor and container combined into a single efficient unit that has a built in sump with up to 1100 gallons of liquid retention capacity. Because the Model SC-4260 is designed to reduce in volume refuse that is wet, it is ideal for restaurants, supermarkets, and hospitals as well as any other location where the trash that is generated has a high amount of liquid.

The superior design and high quality workmanship of this unit along with its many built in features makes it your best value on the market today.

**Compactor/Leakproof  
Container - *in one unit!***
