

SEBRIGHT MODEL SC-4064

Self Contained Compactor

The above SC-4064 has our round bottom container with standard understructure.

POWER UNIT

The 10 HP power unit is energy efficient with only the best components available in it.

HINGE

The heavy-duty hinge is the strongest on the market place.

LATCH

The ratchet latch tightens against the door seal and insures a tight seal.

CONTROL

The operator station includes: safety key lock, pull to start, push to stop, full container light, and can be mounted in any convenient location.

The Sebright Model SC-4064 is a compactor and container combined into a leak proof single efficient unit. Sebright's SC-4064 is the industries best and largest (40" x 64" charge opening) self contained. Because of the 25 tons of compaction force, full door seal, and large capacity container, it is ideal for restaurants, supermarkets, and hospitals or other applications requiring liquid retention.

The Superior design and high quality workmanship of this unit along with its many standard features make it your best value on the market today.
