

# 13 Cubic Yard Transfer Station Compactor

The Sebright Products Transfer Station Compactor is designed for High Performance and Long Life, with extra heavy duty reinforced steel construction to accommodate a high volume waste and recycling transfer trailer facility.

- Reduce costs with higher payloads
- Ram power wedge to increase material density
- Large chamber to reduce "Bridging"
- High ram penetration to reduce spillage
- Available with hydraulic scissor trailer lock, hydraulic load binders, or manual ratchet load binder on each side.
