

# SEBRIGHT MODEL SC-4060-2-4 SELF CONTAINED COMPACTOR

**PERFORMANCE**  
With a cylinder force of  
50,280 lbs., waste is reduced to  
a fraction of the original  
volume!!

The 10 HP power unit is energy efficient featuring only brand name electrical and hydraulic components, along with a 10 gpm pump, and 44 gallon reservoir.

The heavy-duty hinge is the strongest in the market place.

The ratchet latch tightens against the door seal and insures a tight seal.

The operator station includes: safety key lock, pull to start, push to stop, full container light, and can be mounted in any convenient location.

The Sebright Model SC-4060-2-4 is a compactor and container, combined into a single efficient unit that has a built in sump with up to 1200 gallons of liquid retention capacity. Because the Model SC-4060-2-4 is designed to reduce in volume refuse that is wet, it is ideal for restaurants, supermarkets, and hospitals, as well as any other location where the trash that is generated has a high amount of liquid.

The superior design and high quality workmanship of this unit, along with its many built in features, makes it your best value on the market today.

**Compactor/Container**  
**Leakproof - in one unit!**
