

SEBRIGHT MODEL SC-4060-2-4 SELF CONTAINED COMPACTOR

PERFORMANCE
With a cylinder force of
50,280 lbs., waste is reduced to
a fraction of the original
volume!!

The 10 HP power unit is energy efficient featuring only brand name electrical and hydraulic components, along with a 12 gpm pump for high performance and a 44 gallon oil reservoir

The heavy-duty hinge is the strongest in the market place.

The ratchet latch tightens against the door seal and insures a tight seal.

The operator station includes: safety key lock, pull to start, push to stop, full container light, and can be mounted in any convenient location.

The Sebright Model SC-4060-2-4 is a compactor and container, combined into a single efficient unit that has a built in sump with up to 1200 gallons of liquid retention capacity. Because the Model SC-4060-2-4 is designed to reduce in volume refuse that is wet, it is ideal for restaurants, supermarkets, and hospitals, as well as any other location where the trash that is generated has a high amount of liquid.

The superior design and high quality workmanship of this unit, along with its many built in features, makes it your best value on the market today.

Compactor/Container
Leakproof - *in one unit!*
